Digging Deeper: Group Questions & Personal Reflection

1. What are the differences between good pride and bad pride? Discuss with your group about a time you know you were prideful and it was wrong. How did you recognize your error? Was it harmful to anyone? What did you do about it, if anything?
2. What characterizes someone who is prideful? What do you believe is the root of pride in humanity? Is this a major issue for most people? What is the proper response of a Christ follower to a sinful attitude of pride?
3. Can you talk about a time when you believe Satan was involved in attempting to bring division between you and others in your life? Share that with your group.
4. What are some of the ways you can counteract the evil one when you believe he is behind attempted division in your life?
5. Why do you believe you have the ultimate victory over Satan and the sin of pride in your life? How can you hold to this more fully? What impact does it have?
